Sub : **Estimate for construction & installation of Rain water harvesting system at Baghmundi Govt. Polytechnic**
Ref : APH (Approval Process Handbook) of AICTE for 2020-2021

Sir,

With reference to above, please note that Rain water harvesting is a proven concept being implemented in educational institutions to meet the water requirement. This system helps to reduce usage of ground water which is presently extracted through bore wells. Due to this reason, AICTE (All India Council For Technical Education) has stipulated construction & installation of Rain water harvesting system in the Technical Institutions.

Accordingly it is requested to make estimate for construction & installation of Rain water harvesting system at Baghmundi Govt. Polytechnic for onward submission to Directorate of Technical Education & Training, Newtown, Raja hat , Kolkata for approval and sanction of fund.

Thanking you,

Yours faithfully
